

Subject: Miscellaneous HCPCS Codes

Scope: Unison MedPlus, Unison Kids and Unison aB

In the past, Unison has utilized the HCPCS codes “E1399” and “K0108” as miscellaneous codes for any items and/or services that were not identified on the applicable fee schedule. We will no longer be accepting these codes under this classification. **Effective August 1, 2009**, Unison will require the use of the appropriate HCPCS code to identify the service according to the universal HCPCS coding system description. Please note that the prior authorization process will remain the same for all non-covered services.
