**837 Institutional Health Care Claim**

**Administered by  
Unison Administrative Services  
300 Oxford Drive  
Monroeville, PA 15146**

## **INTRODUCTION**

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) requires that Unison Administrative Services (UAS) comply with the mandated EDI standards for health care as established by the Secretary of Health and Human Services. UAS recognizes the administrative efficiencies that can be gained from the HIPAA transactions and contracted with ENVOY, a subsidiary of WebMD, to make these transactions accessible to the provider community. Please utilize the HIPAA implementation guides for the corresponding transactions. The implementation guides can be found at the Washington Publishing Company's website and downloaded free of charge ([http://www.wpc-edi.com/hipaa/HIPAA\\_40.asp](http://www.wpc-edi.com/hipaa/HIPAA_40.asp)). Additional information regarding the standards for electronic transaction are available at the Department of Health and Human Services website (<http://aspe.hhs.gov/admsimp/final/txfin00.htm>).

## **PURPOSE**

The companion guides produced by UAS are designed to be used in conjunction with the implementation guides that are posted on the Washington Publishing Company website. Due to the evolving nature of the HIPAA regulations these documents are subject to change as updates occur to UAS's adjudication procedures or as legislation is updated or revised. The sole purpose of the documentation is for clarification and to outline specific requirements for the transactions.
