

QUANTITY LIMITS:

Opiate-Containing Agents, Migraine Analgesia, Benzodiazepines, & Muscle Relaxants

You may fill any FOUR medications from the following classes in a 30-day period: opiate analgesics, benzodiazepines, sedative hypnotic agents, barbiturates, and select muscle relaxants. Additional fills will require prior authorization. Medications in these classes may also be subject to individual quantity limits.

Additions to the QL program drug list will be made from time to time and providers notified accordingly. As always, we recognize that a number of patient-specific variables must be taken into consideration when drug therapy is prescribed and therefore overrides will be available through the medical exception (PA) process. Please contact the Unison Pharmacy Department at either (877) 651-2217 or (412) 380-6015 with questions.
